June 09, 2016

12th **hospitality**design awards

The winners of the 12th Annual HD Awards in project and product categories were announced last night during a celebration at Cipriani 25 Broadway in New York. Approximately 400 hospitality industry professionals attended the event.

Two esteemed jury panels selected this year's honorees. For projects: Mark Boekenheide, Related Companies; Aliya Khan, NeueHouse Studio; Tony Machado, Morgans Hotel Group; Anwar Mekhayech, DesignAgency; and Kristina O'Neal, AvroKO. For products: Amy Hulbert, Best Western International; Kellie Sirna, Studio 11 Design; and David Tracz, //3877.

The HD Awards honor some of the best achievements in hospitality design around the globe. This year, nearly 540 project entries were submitted across 20 categories, and in the products section of the awards (introduced for the first time last year), more than 300 products were submitted in 11

categories.

The recipients of the Best in Show honor were also announced at the event. For products, Mercury from Preciosa took home the top honor; and the Treehouse Suite at Playa Viva in Mexico, designed by Deture Culsign, Architecture & Interiors was named Best in Show out of all project winners.
